DOCUMENT AND PERSONAL DATA RETENTION POLICY

THIS POLICY WAS APPROVED:	SUMMER 2024
POLICY VERSION:	4.0
THIS POLICY WILL BE REVIEWED:	SUMMER 2027
MEMBER OF STAFF WITH RESPONSIBILITY FOR REVIEW:	HEAD OF GOVERNANCE, COMPLIANCE AND RISK
THIS POLICY WAS CONSULTED WITH:	CLT, DPO
THIS POLICY WAS DISTRIBUTED TO:	DPLs, CONNECT

1. Introduction

The main aim of this policy is to enable Anglian Learning to manage our records effectively and in compliance with data protection and other regulation. As an organisation we collect, hold, store and create significant amounts of data and information and this policy provides a framework of retention and disposal of categories of information and documents. The Trust will take into account the following factors:

- The most efficient and effective way of storing records and information;
- The confidential nature of the records and information stored;
- The security of the record systems used;
- Privacy and disclosure; and
- Accessibility of records and record keeping systems.

2. Data Protection

- 2.1. This policy sets out how long personal data will normally be held by the Trust and its schools and when that information will be confidentially destroyed in compliance with the terms of the UK General Data Protection Regulation (UK GDPR) and the Freedom of Information Act 2000.
- 2.2. Data will be stored and processed to allow for the efficient operation of the Trust and its schools. The Trust's Data Protection Policy outlines its duties and obligations under the UK GDPR

3. Roles and Responsibilities

- 3.1. Each school within the Trust is individually responsible for the management of their records generated by its activities.
- 3.2. The Headteacher at each academy, and Head of Governance, Compliance and Risk for the Trust, are responsible for ensuring this policy is implemented and that all records are stored securely, in accordance with the retention periods outlined, recorded, and are disposed of correctly.
- 3.3. All Trust staff are responsible for ensuring that any records for which they are responsible or which they process are accurate, maintained securely and disposed of correctly, in line with the provisions of this policy.
- 3.4. The Data Protection Officer, in conjunction with the Trust is responsible for monitoring its use and effectiveness and dealing with any queries on its interpretation. The Data Protection Officer will consider the suitability and adequacy of this policy and report improvements directly to management.

- 3.5. Internal control systems and procedures will be subject to regular audits to provide assurance that they are effective in creating, maintaining and removing records.

4. Individual Responsibility

Much of the retention and deletion of documents will be automatic, but when faced with a decision about an individual document, you should ask yourself the following:

- Has the information come to the end of its useful life?
- Is there a legal requirement to keep this information or document for a set period?
- Would the information be likely to be needed in the case of any legal proceedings? In particular, is it potentially relevant to an historic child abuse enquiry? (Is the information contentious, does it relate to an incident that could potentially give rise to proceedings?)
- Would the document be useful for the organisation as a precedent, learning document, or for performance management processes?
- Is the document of historic or statistical significance?

If the decision is made to keep the document, this should be referred to the Head of Governance, Compliance and Risk and reasons given.

5. Retention Schedule

- 5.1. Retention schedules for personal information and other documents can be found in appendices A and B. The schedules set out the main categories of information that we hold, the length of time that we intend to hold them, and the reason for this.
- 5.2. The policy applies to all physical and digital information, regardless of storage location.

6. Destruction of Documents

- 6.1. Where records have been identified for destruction, they should be disposed of in an appropriate way.
- 6.2. All information must be reviewed before destruction to determine whether there are special factors that mean destruction should be delayed, such as potential litigation, complaints or grievances.
- 6.3. All paper records containing personal information or sensitive policy information should be shredded before disposal.
- 6.4. All other paper records should be disposed of by placing in recycling bins

- 6.5. All electronic information should be deleted. Please refer to Technical Services to ensure that this is carried out effectively.
- 6.6. The school maintains a log of records which have been destroyed and who authorised their destruction. When destroying documents, the appropriate staff member should record in this list the following: -
- File reference (or other unique identifier);
 - File title/description;
 - Number of files;
 - Name of the authorising officer;
 - Date destroyed or deleted from system; and
 - Person(s) who undertook destruction.

7. Pupil Records

- 7.1. All schools with the exception of independent schools, are under a duty to maintain a pupil record for each pupil.
- 7.2. Early Years will have their own separate record keeping requirements.
- 7.3. If a child changes schools, the responsibility for maintaining the pupil record moves to the next school. We retain the file for a year following transfer in case any issues arise as a result of the transfer. We may delay destruction for a further period where there are special factors such as potential litigation.

8. Retention of Safeguarding Records

- 8.1. Any allegations made that are found to be malicious must not be part of the personnel records.
- 8.2. For any other allegations, made the school must keep a comprehensive summary of an allegation made, details of how the investigation was looked into and resolved and any decisions reached. This should be kept on the personnel files of the accused.
- 8.3. Any allegations made of sexual abuse should be preserved by the School for the term of an inquiry by the Independent Inquiry into Child Sexual Abuse.
- 8.4. All other records (for example, the personnel file of the accused) should be retained until the accused has reached normal pension age or for a period of 10 years from the date of the allegation if that is longer.
- 8.5. Guidance from the Independent Inquiry Child Sexual Abuse states that prolonged retention of personal data at the request of an Inquiry would not contravene data protection regulation provided the information is restricted to that necessary to fulfil potential legal duties that a School may have in relation to an Inquiry.

8.6. Whilst the Independent Inquiry into Child Sexual Abuse is ongoing, it is an offence to destroy any records relating to it. At the conclusion of the Inquiry, it is likely that an indication regarding the appropriate retention periods of the records will be made.

9. Archiving

Where records have been identified as being worthy of preservation over the longer term, arrangements should be made to transfer the records to the archives. A database of the records sent to the archives should be maintained. The appropriate staff member, when archiving documents should record in this list the following information:

- File reference (or other unique identifier);
- File title/description;
- Number of files; and
- Name of the authorising officer.

10. Transferring Information to Other Media

Where lengthy retention periods have been allocated to records, members of staff may wish to consider converting paper records to other media such as digital media or virtual storage centres (such as cloud storage). The lifespan of the media and the ability to migrate data where necessary should always be considered.

11. Emails

Emails accounts are not a case management tool in themselves. Generally, emails may need to fall under different retention periods (for example, an email regarding a health and safety report will be subject to a different time frame to an email which forms part of a pupil record). It is important to note that the retention period will depend on the content of the email and it is important that staff file those emails in the relevant areas to avoid the data becoming lost.
